MINOT BOTTINEAU TIOGA

2025 ANNUAL IMPACT REPORT

A Message From Our Director

This report offers a glimpse into the moments we are honored to witness every day—parents who once planned an abortion now proudly introducing their newborn; the confidence of parents in the Earn While You Learn program; peace after healing from past abuse, abortion, or miscarriage; and students eagerly watching an ultrasound during a Bright Future Tour. Through the grace of our Divine Creator and your generous support, lives are being saved and families are thriving at Dakota Hope.

NADIA SMETANA RN, BSN
RETIRING CLINIC DIRECTOR

A Father's Commitment

Being a Dad can be tough, but being a single Dad brings a unique set of challenges. We are honored to share the story of a young man **“who courageously stepped up to meet the challenges of being a single father head on.”**

In 2022, he walked into our clinic seeking guidance on how to care for his five-month-old son. After learning that his son had been placed in foster care, he took action and became his son's primary custodial parent. Having heard about Dakota Hope, he came with a willingness to learn and enrolled in our Earn While You Learn program.

Three years later, we are thrilled to celebrate his graduation from the Earn While You Learn program. Throughout his time with us, he attended 83 classes and earned a total of 277 items from our baby boutique, including 135 clothing items/outfits, over 50 packages of wipes, and many other essential items to help care for his son. Perhaps the greatest “thank you” he has given Dakota Hope is referring others to our clinic, sharing hope in the same way it was once shared with him. What a true blessing and honor it has been to walk alongside him on this journey.

Stories like these are made possible only because of the generosity of our donors. Thank you for supporting us through another year. We are truly blessed.

Inspiring story of a single father who found support at Dakota Hope

OUR MISSION

A Christian ministry formed to share the Gospel of Christ and to empower people in our region to make choices that promote the sanctity of human life and positive sexual health.

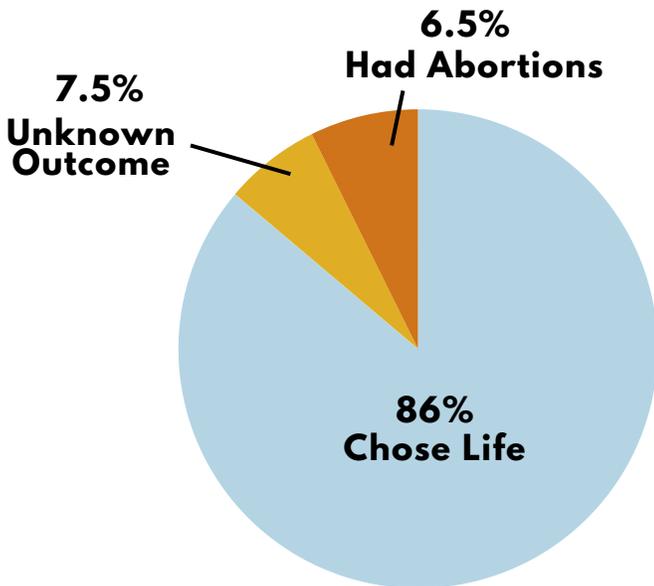

OUR VISION

A community where people flourish because their choices regarding sexual health, fertility, pregnancy, and marriage are based on life affirming principles which are grounded in Holy Scriptures, human reason, and the nature of the human person. Anyone suffering due to a violation of these principles can find healing and reconciliation.

CLIENT FEEDBACK

"The nurse educated me on things I never learned about, even with my first pregnancy."

"Her Journey, Karmen, and the beautiful women I've met through the program have changed my life in the best ways".

"I felt seen and heard in the most overwhelming time of my life. I can't thank you enough for all the support and kind words. I also appreciated the prayer."
